## **GUIDELINES – EACEA/16/2017**

### **Support to international coproduction funds**

#### **1. INTRODUCTION – BACKGROUND**

These guidelines are based on Regulation No 1295/2013 of the European Parliament and of the Council of 11/12/2013 concerning the implementation of a programme of support for the European cultural and creative sector (CREATIVE EUROPE) and the corrigendum of the 27/06/2014.<sup>1</sup>

The European Commission is responsible for the implementation of the Creative Europe Programme and for the decision to grant individual European Union funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the Culture and MEDIA Sub-programme on behalf and under the supervision of the European Commission.

General background information about the Creative Europe programme can be found on the following link: [http://ec.europa.eu/programmes/creative-europe/index\\_en.htm](http://ec.europa.eu/programmes/creative-europe/index_en.htm)

#### **2. OBJECTIVES – THEMES – PRIORITIES**

##### **2.1. Objectives**

Within the field of reinforcing the audiovisual sector's capacity, one of the priorities of the MEDIA Sub-programme shall be to:

The MEDIA Sub-programme shall provide support for:

- activities helping European and international co-production partners to come together and/or providing indirect support for audiovisual works co-produced by international co-production funds based in a country participating in the Programme.

The priorities are therefore to co-finance activities helping European and international co-production partners to meet and/or provide indirect support for audiovisual works co-produced with the objective to:

- Support international co-production funds based in a country participating in the MEDIA Sub-programme in order to facilitate the production and the circulation of culturally diverse international co-productions of film projects in the following categories: animation, creative documentary and fiction;

## 2.2. Targeted projects

The targeted operators are international co-production funds based in a country participating in the MEDIA Sub-programme, having as their main activity the support of international co-productions and having been active in the field for at least 12 months so that they can demonstrate a track record of successful co-productions.

Those funds will support activities aiming at

- facilitating international co-production and
- strengthening circulation and distribution of audiovisual works supported at the production stage.

Within the meaning of these guidelines, "international co-production" is considered a co-production between a company based in a country participating to the Creative Europe MEDIA programme and a company based in a non-European country.

## **11. FINANCIAL PROVISIONS**

### **11.1. General Principles**

#### a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate in the application form the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action.

#### b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed.

A grant may be awarded for an action which has already begun only where the applicant can demonstrate the need to start the action before the grant agreement is signed.

In such cases, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

c) Co-financing

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the beneficiary's own resources;
- income generated by the action;
- financial contributions from third parties.

d) Balanced budget

The estimated budget of the action is to be attached to the application form. It must have revenue and expenditure in balance.

The budget must be drawn up in euros.

Applicants which foresee that costs will not be incurred in euros shall use the exchange rate published on the Infor-euro website available at:

[http://ec.europa.eu/budget/contracts\\_grants/info\\_contracts/inforeuro/inforeuro\\_en.cfm](http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm)

on the date of the publication of this call for proposals.

e) Implementation contracts/subcontracting

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit.

Entities acting in their capacity of contracting authorities in the meaning of Directive 2014/24/EU<sup>[2]</sup> or contracting entities in the meaning of Directive 2014/25/EU<sup>[3]</sup> shall abide by the applicable national public procurement rules.

Sub-contracting, i.e. the externalisation of specific tasks or activities which form part of the action as described in the proposal and which cannot be performed by the beneficiary itself must satisfy the conditions applicable to any implementation contract (as specified above) and in addition to them the following conditions:

- it may only cover the implementation of a limited part of the action;

- it must be justified having regard to the nature of the action and what is necessary for its implementation;
- it must be clearly stated in the proposal or prior written authorisation from the Agency must be obtained.

f) Financial support to third parties

The applications may envisage provision of financial support to third parties in accordance with the criteria defined in section 6.2 of the present Guidelines. In such case the applications must include:

- an exhaustive list of the types of activities for which a third party may receive financial support;
- the definition of the persons or categories of persons which may receive financial support;
- the criteria for awarding financial support;
- the maximum amount to be granted to each third party and the criteria for determining it.

The amount of financial support per third party must not exceed EUR 60,000.

## 11.2. Funding forms

The grants financed through reimbursement of eligible costs in combination with flat rate covering overheads are calculated on the basis of a detailed estimated budget, indicating clearly the costs that are eligible for EU funding.

### ➤ **Maximum amount requested**

The EU grant is limited to a maximum co-financing rate of 80% of eligible costs.

Consequently, part of the total eligible expenses entered in the estimated budget must be financed from sources other than the Union grant.

The grant amount may neither exceed the eligible costs nor the amount requested. Amounts are indicated in euros.

Acceptance of an application by the Executive Agency does not constitute an undertaking to award a grant equal to the amount requested by the beneficiary.

### ➤ **Eligible costs**

Eligible costs are costs actually incurred by the beneficiary of a grant which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement, with the exception of costs relating to final reports and certificates. The period of eligibility of costs will start as specified in the grant agreement on 01/09/2018 and ends on 30/06/2021. Without prejudice to the provisions set out in Section 11.1b) costs incurred outside the period of eligibility will not be considered;
- they are indicated in the estimated overall budget of the action;

- they are incurred in connexion with the action which is the subject of the grant and are necessary for the implementation of the action;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenues declared in respect of the action with the corresponding accounting statements and supporting documents.

Eligible direct costs:

The eligible direct costs for the action are those costs which, **with due regard for the conditions of eligibility set out above**, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly, such as:

- third party's production of feature films, animations and documentaries of a minimum length of 60 minutes intended primarily for cinema release;
- implementation of concrete distribution strategy aiming at the better circulation of the supported third party's works. The film should be distributed in at least 3 territories out of which at least one participating in the MEDIA Sub-programme and at least one third country. Please note that no distribution support can be awarded to an entity established outside the countries participating in the MEDIA sub-programme (see section 6.1).
- other costs related to the implementation of the action such as personnel costs, promotion costs or expert costs for the selection committees. These costs shall be limited to 15% of the total eligible costs.

Eligible indirect costs (overheads):

- a flat-rate amount, equal to 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading.

Applicants's attention is drawn to the fact that in the case of organisations receiving an operating grant, indirect costs are no longer eligible under specific actions.

➤ **Ineligible costs**

The following costs shall not be considered eligible:

- travel and subsistence of staff;
- return on capital;
- debt and debt service charges;
- provisions for losses or debts;
- interest owed;
- doubtful debts;

- exchange losses;
- costs of transfer from the Agency charged by the bank of the beneficiary;
- costs declared by the beneficiary and covered by another action or work programme receiving a European Union grant. In particular, indirect costs shall not be eligible under a grant for an action awarded to the beneficiary who already receives an operating grant financed from the Union budget during the period in question;
- excessive or reckless expenditure;
- contributions in kind.

➤ **Calculation of the final grant amount – Supporting documents**

The final amount of the grant to be awarded to the beneficiary is established after completion of the action, upon approval of the request for payment containing the following documents:

- a final report providing details of the implementation and results of the action;
- the final financial statement of costs actually incurred.

The beneficiary is also required to submit, in support of the final payment, a “Report of Factual Findings on the Final Financial Report - Type I” produced by an approved auditor or in case of public bodies, by a competent and independent public officer.

The procedure and the format to be followed by an approved auditor or in case of public bodies, by a competent and independent public officer, are detailed in the following “Guidance Notes”:

[http://eacea.ec.europa.eu/about-eacea/document-register\\_en#audit](http://eacea.ec.europa.eu/about-eacea/document-register_en#audit)

The use of the report format set by the “Guidance Notes” is compulsory.

If the eligible costs actually incurred by the beneficiary are lower than anticipated, the Agency will apply the rate of co-financing stated in the grant agreement to the expenditure actually incurred.

In the event of non-execution or clearly inadequate execution of an activity planned in the application attached to the funding agreement, the final grant will be reduced accordingly.

*Non-profit rule*

EU grants may not have the purpose or effect of producing a profit within the framework of the action of the beneficiary. **Profit shall be defined as a surplus of receipts over the eligible costs incurred by the beneficiary, when the request is made for payment of the balance.** In this respect, where a profit is made, the Agency shall be entitled to recover a percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the beneficiary to carry out the action.

The verification of non-profit does not apply to low value grants, i.e. ≤ EUR 60 000.

**11.3. Payment arrangements**

A pre-financing payment corresponding to 10% of the grant amount will be transferred to the beneficiary within 30 days of the date when the last of the two parties signs the agreement, provided all requested guarantees have been received.

A second pre-financing payment of 60% of the grant amount will be made within 60 days of receipt by the Agency of the progress report on the action’s implementation. This second pre-financing payment may not be made until at least 70% of the previous pre-financing payment has been used up. Where

the consumption of the previous pre-financing is less than 70%, the amount of the new pre-financing payment shall be reduced by the unused amounts of the previous pre-financing.

The Agency will establish the amount of the final payment to be made to the beneficiary on the basis of the calculation of the final grant amount (see section 11.2 above). If the total of earlier payments is higher than the final grant amount, the beneficiary will be required to reimburse the amount paid in excess by the Commission through a recovery order.

#### **11.4. Pre-financing guarantee**

In the event that the applicant's financial capacity is not satisfactory, a pre-financing guarantee for up to the same amount as the pre-financing may be requested in order to limit the financial risks linked to the pre-financing payment.

The financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member States of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he/she considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State. Amounts blocked in bank accounts shall not be accepted as financial guarantees.

The guarantee may be replaced by a joint and several guarantee by a third party or by a joint guarantee of the beneficiaries of an action who are parties to the same grant agreement.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

## **12. PUBLICITY**

### **12.1. By the beneficiaries**

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used.

In this respect, beneficiaries are required to give prominence to the name and logo of the programme on all their publications, posters, programmes and other products realised under the co-financed project.

To do this they must use the text, the logo and the disclaimer available at

[https://eacea.ec.europa.eu/about-eacea/visual-identity\\_en](https://eacea.ec.europa.eu/about-eacea/visual-identity_en), which will be provided by the Agency.

If this requirement is not fully complied with, the beneficiary's grant may be reduced in accordance with the provisions of the grant agreement.

### **12.2. By the Agency and/or the Commission**

With the exception of scholarships paid to natural persons and other direct support paid to natural persons in most need, all information relating to grants awarded in the course of a financial year shall

be published on the Internet site of the European Union institutions not later than 30th June of the year following the financial year in which the grants were awarded.

The Agency and/or the Commission will publish the following information:

- name of the beneficiary;
- locality of the beneficiary;
- the amount awarded;
- nature and purpose of the grant.

Upon a reasoned and duly substantiated request by the beneficiary, the publication shall be waived if such disclosure risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union or harm the commercial interests of the beneficiaries.

### **12.3. Communication and dissemination**

To maximise impact, projects should have a clear and strong strategy for communication and dissemination of their activities and results, and applicants must provide enough time and resources to communicate and interact appropriately with peers, audiences and local communities as appropriate.

Beneficiaries will be required as stipulated in the grant agreement to produce a public summary/report in English providing information about their work and the results of their project. The public summary/report must be included in the final report submitted to the Agency. The report may be used by the Commission to provide information on the results of projects.

The Commission together with the Agency may identify good practices and prepare relevant dissemination materials to be shared within and across all participating countries and beyond.

Data and results from projects will be made freely available to be used by stakeholders, policy makers and others in a wide range of ways.

Beneficiaries may be required to attend and to participate in events organised by the European Commission or the Agency to share their experience with other participants and/or policy makers.

Unless marked as optional, the applicant's replies to the questions in the application form are necessary to evaluate and further process the grant application in accordance with the specifications of the call for proposals. Personal data will be processed solely for that purpose by the department or Unit responsible for the Union grant programme concerned (entity acting as data controller).
